# TECHNOLOGY & MAINTENANCE COUNCIL

*TURNING EXPERIENCE INTO PRACTICE*

June 1, 2023

Dear Trucking Industry Professional:

ATA's Technology & Maintenance Council (TMC) invites you to join us for our 2023 Fall Meeting, Sept. 17-21, at the Huntington Convention Center in Cleveland, Ohio. Once again, TMC's Fall Meeting features a strong slate of educational sessions for equipment professionals, as well as a host of activity geared for truck technicians.

The theme of TMC's 2023 Fall Meeting — **Excellence in Maintenance for Quality Control** — centers around finding answers to the environmental, economic, cybersecurity and regulatory challenges that face our industry. Many of our educational sessions will address these topics, as explained in our fall meeting promotion.

In addition, TMC is holding North America's 18th annual **National Technician Skills Competitions** September 17-19. The event — **TMC SuperTech 2023** — will feature three separate competitions — our traditional (heavy-duty) track, trailer track, and light/medium vehicle track. The event showcases our industry's commercial vehicle technicians, who will compete for top honors and valuable prizes as they demonstrate their diagnostic abilities through a series of skills stations. Organized by TMC's Technician & Educator Committee (TEC), TMC SuperTech 2023 will this year start Sunday morning and conclude Monday evening. Awards will be given to the top three technicians and skills station winners during Tuesday evening's Awards Banquet. This year also features our eighth Student Technician Skills Competition, TMC FutureTech 2023. All meeting attendees are welcome to observe the competitions.

The Council is also offering the **TEC Technician Training Fair**. The Fair will take place on Tuesday, Sept. 19. These sessions are being organized by TMC's TEC, and will feature expanded blocks of training on root cause diagnostics, and diagnostics and repair of diesel aftertreatment & advanced driver assistance systems (ADAS). For details, please review the material provided in the enclosed meeting brochure, also found on TMC's event website: <http://tmcfall.trucking.org>. For information, call (703) 838-1763.

On behalf of TMC's Board of Directors, I encourage you to take advantage of this opportunity and join us at TMC's 2023 Fall Meeting. We look forward to seeing you in Cleveland!

Sincerely,

Robert Braswell  
TMC Executive Director
