# TECHNOLOGY & MAINTENANCE COUNCIL

*TURNING EXPERIENCE INTO PRACTICE*

June 1, 2024

Dear Trucking Industry Professional:

ATA's Technology & Maintenance Council (TMC) invites you to join us for our 2024 Fall Meeting, Sept. 15-19, at the Raleigh Convention Center in Raleigh, N.C. Once again, TMC's Fall Meeting features a strong slate of educational sessions for equipment professionals, as well as a host of activity geared for truck technicians.

The theme of TMC's 2024 Fall Meeting — **Winning Strategies for Operational Success** — centers around finding solutions to the environmental, economic, cybersecurity and regulatory challenges that face our industry. Many of our educational sessions will address these topics, as explained in our fall meeting promotion.

In addition, TMC is holding North America's 19th annual **National Technician Skills Competitions** September 15-17. The event — **TMC SuperTech 2024** — will feature a single professional track for all types of technicians. The event showcases our industry's commercial vehicle technicians, who will compete across two-days for top honors and valuable prizes as they demonstrate their diagnostic abilities through a series of skills stations. Organized by TMC's Technician & Educator Committee (TEC), TMC SuperTech 2024 will this year start Sunday morning and conclude Monday evening. Awards will be given to the top three technicians and skills station winners during Tuesday evening's Awards Banquet. This year also features our ninth Student Technician Skills Competition, TMC FutureTech 2024. All meeting attendees are welcome to observe the competitions.

The Council is also offering the **TEC Technician Training Fair**. The Fair will take place on Tuesday, Sept. 17. These sessions are being organized by TMC's TEC, and will feature expanded blocks of training on a variety of technical topics. For details, please review the material provided in our meeting brochure, found electronically on TMC's event website: <http://tmcfall.trucking.org>. For information, call (703) 838-1763.

On behalf of TMC's Board of Directors, I encourage you to take advantage of this opportunity and join us at TMC's 2024 Fall Meeting. We look forward to seeing you in Raleigh!

Sincerely,

Robert Braswell  
TMC Executive Director
